

DOWN TOWN

Written, Composed, Arranged, Produced & Engineered by Raza

Intro:

Verse 1

I took my keys and I'm out of the door
Got in my car and I'm out on the road
Heading your way, waves to, friends on the streets
Come to your door and I go beep beep

Bridge 1

Haan! Oh! When I look at you
Haan! You are sensational
Haan! What you're doing tonight
Haan! Lets go for a ride

Chorus

Down town here we go, Oh here we go baby (Ahhh! Here we go here we go)
Riding in my car, we gonna fly (Ahhh! In my care in my care)
We are doing alright, having some fun baby (Ahhh! Alright alright!)
Making up tonight, going down town (Ahhh! All the night down town)

Verse 2

Out of my car and we're heading for the pizza store
Grab two pieces and we're ready to roll
It's getting dark and we don't want to be bored
So we decide to dance on the road

Bridge 2

Haan! Oh! When I touched you
Haan! You're unbelievable
Haan! Why don't you stay the night
Haan! We're gonna ride all night

Chorus

Down town here we go, Oh! Here we go baby
Riding in my car, we gonna fly
We are doing alright, having some fun baby
Making up tonight, going down town
